Senator Ryan McDougle Earns 100% Voting Record from NFIB/Virginia

Richmond, Virginia: — Nicole Riley, state director of the National Federation of Independent Business, said today that Senator Ryan McDougle has earned a score of 100 percent on the 2010-11 NFIB/Virginia Voting Record.

NFIB/Virginia is the Commonwealth's leading small-business association, with 6,000 small-business members statewide.

“What this means is that Senator McDougle has stood up for Virginia’s job creators time and again on important issues such as tax relief, health-care reform and the right of employees to cast secret ballots in union organization elections,” Riley said.

Small businesses account for 98 percent of the Commonwealth’s employers and employ nearly half of Virginia’s non-government workforce, according to federal government statistics.

“Our members truly appreciate the efforts of legislators such as Ryan McDougle to help Virginia’s small-businesses grow and create jobs,” Riley said.

“I understand small business leaders create jobs in Virginia. I will continue to support pro-business legislation and aggressively fight for a positive business climate in Virginia,” said Senator McDougle.
