## **WITTMAN VIDEO STATEMENT ON INCREASE IN BLUE CRAB POPULATION**

**WASHINGTON, DC** – Today Congressman Rob Wittman released the following video statement, expressing cautious optimism on the return of numbers in the blue crab fishery while calling for continued relief for watermen. Wittman also stressed a continuation of the efforts to clean up the Chesapeake Bay. Last year Wittman spearheaded efforts in Washington resulting in a National Oceanic and Atmospheric Administration (NOAA) declaration of a fishery disaster for Chesapeake Bay blue crabs. Congress provided \$20 million in assistance to restore the fishery and provide assistance to watermen. Wittman continues to work with NOAA and the Commonwealth of Virginia to ensure a healthy blue crab fishery.
